MEMORANDUM FOR: Real Estate and Construction Division

ATTENTION :

[Redacted]

25X1

SUBJECT : Alterations of Room 536B, 540 and 544A,
1717 "E" Street

1. It is requested that the following alterations be accomplished:

A. In Room 536B

1. Install nine each 110V three conductor, double electrical outlets and connect same to existing circuit breaker box in Room 544. Install one each 220 volt electrical outlet near window for the power supply of the window air conditioner.

B. In Room 540

1. Reposition existing phone outlet.
2. Install one each double 110V electrical outlet adjacent to phone stack.

C. Room 544A

1. Modify existing electrical outlets with twist lock or some sort of three conductor receptacles and redistribute circuit load on these outlets so that no more than two each double outlets will be on any one 20 ampere circuit breaker.
2. Install four each 110V double electrical outlets in center of room as specified on drawing available for inspection in Room 540.
3. Remove surplus connection boxes on wall of room.
